## KEY PERFORMING INGREDIENTS AND TECHNOLOGIES

### ■ Age-Repair Defensins<sup>®</sup> PRO | Exclusive to DefenAge

*promotes new younger skin • anti-aging on a global scale • retinol alternative*

Defensins are natural messaging molecules. They signal our body to create new skin by activating our dormant reserve of “fresh” and young cells. DefenAge contains an identical copy of human defensins made via bio-synthesis and are exclusive to DefenAge.

### ■ Niacinamide

Niacinamide soothes, revives the skin’s natural moisture barrier, renews the feel of skin firmness and elasticity, and brightens overall skin tone.

### ■ Hyaluronic Acid | Liposome - Encapsulated

*hydration*

Promotes hydration and improves texture for remarkably smooth and even skin.

### ■ State-Of-The-Art Complex of Soothing Ingredients

*skin calming*

A strong, fast, and highly effective proprietary blend of soothing natural ingredients. Proven in multiple clinical trials, including with sensitive skin.

### ■ Fine Blends of Natural Antioxidants, Enzymes and Hydrating Technologies
