

3D EYE RADIANCE CREAM PRO EXCLUSIVE

1.5 fl. oz. | SKU 10510

WHAT IT IS

A technology-loaded, high-performance eye cream specifically developed to take care of the delicate skin around the eyes.

WHAT IT DOES

- Visibly lifts, firms, and smooths the upper eyelids.
- Fades dark circles and diminishes the appearance of skin discoloration.
- Reduces puffiness and “bags” under the eyes.
- Reduces the appearance of wrinkles and fine lines around the eyes and crow’s feet.

WHY IT’S DIFFERENT

- Infused with DefenAge’s proprietary defensins, which constantly reprogram the skin to appear younger and younger every day; it counters the effects of aging.
- Safe to use on both the upper eyelid and under the eyes.
- If retinol is well-tolerated, this can be combined with it; serves as an effective eye cream for brightening, providing an alternative to retinol-sensitive skin.
- Perfect as a standalone eye skincare product, dermatologists also recommend this product as a supplement to aesthetic treatments like skin resurfacing, microneedling, fractional lasers, and for use after neuromodulators and filler treatments around the eyes and upper face.
- Suitable for all skin types, safe for contact lens wearers, and doesn’t contain any irritants.
- The Cooling Tip Technology of the metal applicator enables a hygienic and gentle application without using your fingers, providing soothing benefits.

KEY PERFORMING INGREDIENTS AND TECHNOLOGIES

■ Age-Repair Defensins® PRO | Exclusive to DefenAge

promotes new skin • anti-aging on a global scale

Defensins are natural messaging molecules. They signal our body to create new skin by activating our dormant reserve of “fresh” and young cells. DefenAge contains an identical copy of human defensins made via bio-synthesis and are exclusive to DefenAge.

■ Hyaluronic Acid

hydration

This radiant eye cream ingredient promotes hydration and improves texture for remarkably smooth and even skin.

■ Fine Blend of Natural Extracts, Antioxidants, and Soothing Technologies

antioxidants • brightening • soothing

Our “know-how”-protected, advanced, and powerful blend of natural activities keeps the skin calm, addresses environmental cell damage, and visibly strengthens elastin. It energizes the skin for a revitalized radiance and luminosity and visibly decreases puffiness.
