*Men's Skin Provision PRO* is a scientifically proven, easy-to-use skincare system tailored and formulated directly to the unique needs of men's skin. It is designed for daily skin maintenance and promotes healthy skin that looks fresh, energized, and young. The core of the system is our new innovation, the *24/7 Barrier Balance Cream Men's Formula PRO*. We discovered a way to make men's moisturizer just as effective as our award-winning, clinically proven multi-step regimen, cutting down on time and steps, and creating a more simple and efficient system for men.

The Provision kit is enough to last for at least 1 month if used as recommended.

### WHAT IT DOES

- Promotes healthy skin that looks fresh, energized, and young.
- Maintains skin clarity.
- Replenishes skin moisturization and keeps hydration at a natural, balanced level.
- Repairs and maintains the skin barrier function.
- Facilitates the natural healing cycle and controls signs of inflammation.
- Reduces visible redness.
- Promotes and maintains healthy skin immunity.
- Visibly reduces the appearance of pores and wrinkles.
- Improves overall tone, smoothness, and texture.
- Helps clean pores and liquify in-pore buildup.
- Effectively removes sweat, oils, surface debris, and air pollutants from the skin.

### WHY IT'S DIFFERENT

- Patented, scientifically proven technology: Defensin-molecules naturally renew skin.
- Backed by US Patent No. 11,491,096 and advanced regenerative medicine research.
- Initial results appear in the first days of use.
- Effective for all skin types and all stages of skin aging.
- Non-irritating and gentle on sensitive skin.
- Perfect for everyday use as well as post-workout restorative skin treatment.

*Men's Skin Booster PRO* is a juiced-up version of the *Men's Skin Provision PRO* system. We recommend using the Booster once or twice a year to jumpstart the skin for high-performance and follow with the Provision kit for skin maintenance until the next boost. The Booster is a complete, professional-grade, annual skin detailing service tailored to men's needs.

The *Men's Skin Booster PRO* concept was developed after a multi-year clinical study and observations proved that the extra dose of Defensin-molecules "boosts" skin to repopulate with fresh, new, and young cells when done at least annually. This combination produces outstanding benefits for the look and appearance of the skin, and overall visible skin health.

The Booster kit is designed to work for 1 month. During the first, "boosting" 2-3 weeks, we will ask you to use all 4 products found in the kit, and then complete the rest of the month with a daily cleanser and moisturizer.

### WHAT IT DOES

- Jump starts the health of the skin to look fresh, energized, and young.
- Provides a complete service for the skin.
- Optimizes skin regeneration and cell turnover.
- Boosts skin clarity.
- Repairs the skin's moisturizing system and fills the skin up to its natural hydration level.
- Optimizes the natural healing cycle and calms signs of inflammation.
- Normalizes signs of visible redness.
- Boosts healthy skin immunity.
- Reduces the appearance of pores and wrinkles.
- Boosts the appearance of skin tone, smoothness, and texture.
- Initiates the pore-cleaning cycle.
- Provides deep cleaning of the skin and removes surface debris, air pollutants, oils, soap residuals, and sweat buildups.
- Polishes the skin surface and fades skin imperfections.
- Corrects visible signs of skin exhaustion, damage, and aging on a global scale.

### WHY IT'S DIFFERENT

- Provides a professional-grade skin detailing service and initiates regenerative renewal.
- Contains the highest-possible (boosting) concentration of Defensin-molecules, proven in natural skin renewal power.
- Backed by US Patent No. 11,491,096 and advanced regenerative-medicine research.
- Enables instant results.
- Perfect for skin restorative treatment.
- Effective for all skin types and all stages of skin aging. Non-irritating on sensitive skin.
- Evolved from DefenAge's first generation of products for men, the Men's Kit.

### WHAT IT DOES

The DefenAge 150K Hair Follower Serum PRO works by revitalizing the environment surrounding the hair follicles, creating an optimal ecosystem to help the follicles work their best.

- Promotes sustainable health and wellness of the scalp and skin under the hair and beard.
- Revives follicle nutrition support and nourishes blood irrigation.
- Revives the natural moisture of the scalp, skin under the hair and beard, as well as the hair roots.
- Promotes scalp barrier health and immunity, optimizes the delicate ecology of the scalp and the skin under the hair and beard.
- Rejuvenates the smoothness of the scalp and the skin under the hair and beard.
- Minimizes the look of pigmentation and discolorations of the skin under the hair and beard.
- Helps improve the appearance of inflammation and itchiness on the scalp and skin under the beard.
- Addresses the appearance of grey hair and brows, and visibly softens the hair color at the roots.
- Helps reduce signs of shedding and hair falling out.
- Renews the look of hair volume, quality, and texture. Improves overall visible hair health.

### WHY IT'S DIFFERENT

The 150K Hair Follower Serum PRO is an excellent cosmeceutical choice for caring for the scalp and skin under the hair and beard. We've paired an advanced and targeted treatment with an established and validated science to bring you a product that is unlike any other on the market. Here's what makes the 150K Hair Follower Serum different:

- Based on the natural rejuvenating power of our body.
- Evolved from proven science and is patent-protected.
- Studied in an independent, third-party clinic.
- Contains the BioSerum-level of Defensin-molecules, DefenAge's iconic all-time best seller.
- Includes 48 natural ingredients, all proven to have clinical efficacy on scalp and hair. All ingredients are infused at their clinical performance concentration.
- Free from drugs and hormones.
- Can be combined with Rogaine, minoxidil, or any other treatment if desired.
- Lightweight, water-based formula with minimal addition of stabilizing ingredients.
- An innovative delivery system protects the serum's integrity. The applicator allows convenient dosing directly to the hair roots and follicles and prevents product waste.
- Non-irritating and gentle on sensitive skin.
